

ABLS Refer-a-Candidate Initiative

The American Board of Laser Surgery has a Refer-a-Candidate Initiative. We seek to reach out to additional qualified laser practitioners who can benefit from earning the Board's Certificate. We invite our current Diplomates, candidates for certification, List Serve Members, and other laser and light practitioners to provide referrals for other interested practitioners who would like to learn more about the Board and the certification process.

We will provide a \$100 honorarium for practitioners that refer one or more qualified candidates to the Board, who in turn submit an Application and is accepted to begin the certification process. The honorarium will be provided for *each* qualified and accepted candidate. (Note, you must contact the Board and let us know you are referring a candidate).

In addition, candidates who are referred to the Board with this Initiative will benefit from a reduced Application Fee of \$50, a savings of \$100 over the standard \$150 Application Fee. Referred candidates may either contact the Board directly, and be sure to mention the referring practitioner, or you may provide to us the contact information for an interested practitioner who has agreed to receive an email or letter from the Board.

Please encourage your colleagues, students and laser practitioners who might benefit from this initiative to apply, and designate you as the referring source.

For additional questions, please contact the Board at lasers1060@gmail.com.

We appreciate the support of our community of Diplomates, current candidates, and List Serve Members!

Best regards,

Ed Zimmerman, M.D.
President
American Board of Laser Surgery
